

ABOUT

SOPHIA

FEHRENBACKER

Sophia finds joy in helping others. She loves a challenge and finding solutions to problems. This, along with her heritage, sparked interest in working as a Medicolegal Death Investigator for Bingham County Coroner's Office.

Sophia is of Polynesian and Native American decent. One day during a college lecture, the topic of missing and murdered minority cases was discussed. In that moment, she realized that there is a need for individuals who are passionate and willing to seek answers for families whose loved ones have passed on.

Ever since that day, she has felt compelled to follow this line of work. Sophia is currently working towards her ABMDI. She hopes to provide support, peace, and justice to families and individuals who are affected by the death of a loved one. Sophia is excited for this opportunity to be working with Bingham County and looks forward to what the future holds.
