KIM WESTERGARD

EDUCATION: Rooted in Shelley, my education began at Shelley High School and con- tinued at Vogue Beauty College, where I became a licensed cosmetologist. Over the years, I have invested in ongoing professional and business classes to strengthen my skills in small business management. My greatest classroom, however, has been twelve years on the Shelley City Council, where I’ve learned firsthand the workings of City Hall, Parks and Recreation, Public Works, and how to build strong partnerships as a liaison with the Shelley School District. Attending annual workshops at Associated Idaho Cities has furthered my growth in leadership and community service.

EXPERIENCE: My experience reflects a lifelong commitment to serving Shelley. I co-founded the Heart to Hand Food Pantry, providing essential support for families, and helped secure a \$250,000 grant to build new tennis and pickleball courts at Brinkman Park. I also served on the Bingham County Mayoral Scholarship Board, helping dozens of Shelley High School students each year access higher education. Currently, I am co-founding a memorial to honor families who have lost infants or young children.

STATEMENT: As your mayor, I will focus on open communication, fiscal transparency, and preserving Shelley’s small-town values while guiding thoughtful, sustainable growth for our future.

RANDY HADERLIE

EXPERIENCE: 40 years as a law enforcement officer including several years as Chief of Police, small business owner, and worked at Hobbs Middle School for four years as a student resource teacher.

STATEMENT: I was born and raised on a ranch in Star Valley, Wyoming, where I learned the importance of hard work and service from an early age. These values guided me into a career in public service. I first served with an agency in south- eastern Idaho before returning to Wyoming to accept a position as Chief of Police in Star Valley. After retiring from law enforcement, my brother and I purchased a sporting goods store. The business was a success in a region known for its strong outdoor culture. My work at Hobbs middle school was to assist teachers with students who were struggling or needed additional help. I stepped away from that role, but my commitment to serve the community remains strong. My wife and I have two children, one who graduated from Shelley, and another who is currently a junior there. We are proud to call Shelley our home. I look forward to the opportunity to continue serving this great community as a member of the Shelley City Council.

SEAN KRESS

Over more than a decade, I have built and managed teams that consistently exceeded performance targets, secured multimillion-dollar contracts, and created strong community and business partnerships. My professional background also includes consulting on sustainability initiatives and strategic sales execution.

STATEMENT: I believe in the value of persistence, innovation, and community. My journey has been shaped by opportunities to bring people together, solve problems, and create growth where others might see obstacles. I’ve learned that real progress comes from collaboration and success is not mea- sured only in numbers but also in the lives positively impacted. My greatest source of strength comes from my wife, Brooke, and our family, who continually remind me of what matters most. Outside of work, I enjoy spending time with them and golfing. My goal is to serve with integrity, foster trust, and leave each community better than I found it.
